

REMARKS

The electronic and paper copies of the sequence listing enclosed herewith are identical and include no new material that goes beyond the disclosure as originally filed. As identified by the Examiner, this sequence listing is being supplied to correct for source organism labeling errors concerning SEQ ID Nos. 5-12, and 21-27. The aforementioned sequences are synthesized primers and have been identified as artificial sequences in the new sequence listing enclosed herewith. Applicants respectfully submit, that this application is now in compliance with 37 C.F.R. §§ 1.821-1.825 and WIPO ST. 25.

Respectfully submitted,
